**ABOUT UNIDOS US**

Since 1968, UnidosUS—formerly known as NCLR—has remained a trusted, nonpartisan voice for Latinos.

We serve the Hispanic community through our research, policy analysis, and state and national advocacy efforts, as well as in our program work in communities nationwide. And we partner with Affiliates across the country to serve millions of Latinos in the areas of civic engagement, civil rights and immigration, education, workforce and the economy, health, and housing.

Every day Latinos contribute to our country’s shared prosperity. They energize the economy and strive to make better lives for themselves, their families, and their communities.

Together we will build a stronger America by creating opportunities for Latinos. We envision an America where economic, political, and social advancement is a reality for all Latinos, where all Hispanics thrive, and where our community’s contributions are recognized.
